Library Guide

Andy Goldsworthy

Resource List | 2019

Artist Andy Goldsworthy is known for creating site-specific installations that work with nature and time. Some of his works are temporary, working with materials such as leaves, sticks, stones, ice and petals. He also creates larger, more permanent works. In spring, summer, and fall of 2019 Goldsworthy will build the *Walking Wall* on the campus of the Nelson-Atkins Museum of Art. In celebration of this installation, the library presents this bibliography. We have selected titles about and by Andy Goldsworthy, as well as titles about land art more broadly.

If you have questions, please contact the reference staff at the Spencer Art Reference Library (telephone: 816.751.1216). Library hours and services are listed on the Museum's website at <https://nelson-atkins.org/library>
