Greek Vase Painting

Resource List | 2022

Detail from Attic or Euboean black-figure amphora (jar), ca. 570 B.C.E.
Attributed to the Omaha Painter, Amazonomachy

Much of what we know about Greek painting comes from the study of Greek painted pottery. Through studying black-figure, red-figure and vases painted in other styles, scholars can learn much about Greek art and culture. This bibliography includes resources about Greek pottery in general, specific titles about black-figure and red-figure vases, and resources about Greek mythology.
