

I am going to the Nelson-Atkins with my family!

We are going to The Nelson-Atkins Museum of Art. Inside the museum, there is art from all over the world. Some of the art was made just last year and some is over five thousand years old.

Visiting the museum is really fun because I can see a lot of great paintings and sculptures.

I will stay with my family and friends while I'm in the museum.

We will follow the rules while we are at the museum:

- I will keep my hands off the art and the glass display cases. This will help keep the art safe and clean.
- I will walk slowly in the museum.
- I will use my inside talking voice.

Some areas of the museum are loud and some are quiet; some are crowded and some have fewer people. If I need to go somewhere quiet, I will tell my family and friends.

There will be Guest Service Officers throughout the museum. They help people and protect the art. If I get lost, have a question, or need help, I can tell one of the Guest Service Officers and they will help me.

The Nelson-Atkins is a FREE museum, so I can come back with my family and friends any time!
